SKILLS

PROGRAMMING

WEB DEVELOPMENT

React JS, Material UI, Redux, HTML5

AI TOOLKIT

GitHub Copilot, Cursor AI Prompt Engineering, OpenAI API AI Debugging Smart Integration

DEVOPS TOOLS

Datadog, Bitbucket, ServiceNow Git, GitHub

MICROSOFT TOOLS

Excel, Power BI Desktop

API INTEGRATION

Axios, JSON, Fetch, Postman

DATABASE

MS SQL, PostgreSQL, MongoDB

EDUCATION

BITS PILANI

BSC DESIGN AND COMPUTING

Feb 2022 | Rajasthan, India
Cum. GPA: 8.0 / 10.0

TECHBEE SCHOLAR

2020 | Grade: A

GARGI GIRLS' SCHOOL

CLASS 12TH | MEERUT, INDIA
2019 | Grade: 90

GARGI GIRLS' SCHOOL

CLASS 10TH | MEERUT, INDIA
2017 | Grade: 91

CERTIFICATIONS

GitHub Foundations
Google Cloud Certified - Cloud Digital Leader
Google Cloud Certified - Generative AI Leader
Microsoft Certified - Azure Data Fundamentals
Microsoft Certified - Power BI Data Analyst Associate

LANGUAGES

English – Professional Proficiency
Hindi – Native Proficiency

EXPERIENCE

HCLSOFTWARE | DEVELOPER / SOFTWARE ENGINEER II

May 2022 - Present | Noida, India

- Designed and developed scalable frontend modules using React.js for enterprise applications, focusing on usability, performance, and maintainability.
- Implemented Knowledge Management features, including Discourse-based Knowledge Articles, enabling structured content creation, search, and consumption across the platform.
- Developed SLA management screens, ensuring accurate visualization of SLA metrics, status indicators, and compliance tracking for operational workflows.
- Built and enhanced Contract Management UI, displaying contract listings, status tracking, vendors, business functions, and lifecycle states with optimized data rendering.
- Integrated Slack notifications and workflows into the frontend, enabling real-time alerts and improved collaboration between support and operations teams.
- Collaborated closely with backend teams to integrate Knowledge microservices, handling REST APIs, data mapping, error states, and loading strategies.
- Designed and implemented UI Builder enhancements, including list personalization features by integrating configurable views, enabling users to customize columns, filters, sorting preferences, and saved view configurations for improved usability and flexibility.

HCL TECH | QUALITY ASSURANCE INTERN / ANALYST

July 2021 – May 2022 | Noida, India

- Performed manual testing on web and mobile applications, including sanity, regression, black-box, and white-box testing.
- Designed and executed QA test plans and testing strategies.

HCL TECH | TECHBEE SCHOLAR (APPRENTICESHIP)

Nov 2020 – July 2021 | Noida, India

- Completed comprehensive training in frontend web development and professional communication skills.
- Successfully passed all examinations and developed a web-based application as part of the training program.

PROJECTS

MY PORTFOLIO | [LINK](#)

TechStack: React.js, Node.js, HTML, CSS

Designed and developed a personal portfolio website to showcase projects, technical skills, and achievements with a modern and responsive UI.

FOOD ANALYSER | [LINK](#)

TechStack: React.js, Node.js

Developed a food analysis web application that evaluates nutritional information using API integration with a responsive and user-friendly interface.

TRAVEL DESTINATION DELIGHT | [LINK](#)

TechStack: React.js, REST APIs

Built a travel discovery web application featuring interactive destination listings and seamless API-driven data rendering.
